-----------	------------

FOR ANIMAL TREATMENT ONLY.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.

Olsson's Peak 50 is a supplement that contains no urea, aimed at pregnant, lactating or weaning of horses and other livestock. Containing bypass protein, this block provides protein and energy to livestock to enhance performance.

It is used for conditions such as pre-lambing or calving, the first 6 weeks of weaning, or as an all-around horse supplement.

DIRECTIONS FOR USE

Feeding Instructions:

Use in accordance with the Olsson Free Choice System.

Sheep: 5-10g per head per day

Cattle/Horses: 50-100g per head per day

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Place out sufficient blocks to avoid overcrowding of stock. Replace immediately when consumed.

Avoid contact with skin and eyes.

Storage Instructions:

Store out of direct sunlight and under cover.
