

# CALCIUM MOLASSES

AVAILABLE IN 20KG BLOCKS

**A nutritional supplement formulated to provide calcium and protein. Suitable for inclusion in rations for livestock being fed grain.**

Olsson's Calcium Molasses is a nutritional supplement formulated for cattle, sheep, goats, and deer on grain-based diets. This block provides a source of calcium and protein and is intended for use in feeding programs where grain diets may be low in protein, minerals, and vitamins. Grain feeding is often associated with a lower calcium-to-phosphorus ratio; providing a calcium source can be part of nutritional management strategies for such diets.

This product is intended as a nutritional supplement only and is not designed to diagnose, treat, or prevent any condition.

## Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging. Avoid contact with skin and eyes.

## DIRECTIONS FOR USE

**Sheep/Goats:** 5-10g per head per day

**Cattle:** 50-100g per head per day

Replace blocks immediately when consumed. Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

## TYPICAL ANALYSIS

Bypass Protein Meal	3.5%	Sulphur (S)	0.025%
Total Protein Equivalents	1%	Magnesium (Mg)	200mg/kg
Molasses	6%	Iron (Fe)	975mg/kg
Salt (NaCl)	Max. 54.4%	Ferrous Iron (Fe++)	1350mg/kg
Calcium (Ca)	13.7%	Selenium (Se)	26mg/kg
Phosphorus (P)	0.6%
