

DOUBLE CALCIUM

AVAILABLE IN 20KG BLOCKS

A mineral supplement containing high levels of calcium, plus phosphorus and sulphur. For pregnant/lactating or grain fed livestock.

Olsson's Double Calcium is a macro-mineral supplement formulated for pregnant, lactating or grain-fed livestock where diets may be low in calcium or other minerals. Suitable for cattle, sheep, goats, horses, deer and alpacas, it provides calcium in block form for inclusion in grain-based feeding programs. The block also contains phosphorus and sulphur in balanced amounts, nutrients involved in amino acid and protein synthesis.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging. Avoid contact with skin and eyes.
