

SULPHUR PLUS 16.2

AVAILABLE IN 20KG BLOCKS

A sulphur supplement to stimulate rumen functions in all livestock.

Olsson's Sulphur Plus 16.2 is a palatable block containing 20% protein meal, sulphur, and added amino acids. It is formulated for use in livestock feeding systems where additional sulphur is required, particularly when stock are grazing dry and fibrous feeds.

This block is also suited for use alongside high-urea supplementation programs, providing a convenient option for graziers seeking to include sulphur as part of their feeding strategy.

Storage Instructions:

Store out of direct sunlight and under cover. Avoid contact with skin and eyes. Edible carton and packaging.

DIRECTIONS FOR USE

Sheep/Goats: 1 block per 50 head

Cattle: 1 block per 15 head

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies. Place out sufficient blocks to avoid overcrowding of stock. Replace immediately when consumed.

TYPICAL ANALYSIS

Salt (NaCl)	40%	AMINO ACIDS	
Sulphur (S)	16.2%	Methionine	0.08%
Protein Meal	20%	Lysine	0.07%
Molasses	5%	Arginine	0.48%
