

PEAK 50 (NO UREA)

AVAILABLE IN 18KG BLOCKS

A premium protein supplement containing no urea, for pregnant, lactating or weaning horses and livestock. Provides protein to enhance performance.

Olsson's Peak 50 is a protein supplement block with no added urea, formulated for use with horses and other livestock, including those that are pregnant, lactating, or weaning. It contains bypass protein as part of its formulation, providing a source of protein and energy in block form.

Peak 50 is suitable for use in a variety of feeding situations, including pre-lambing or calving periods, the first six weeks after weaning, or as a general-purpose horse supplement.

Storage Instructions:

Store out of direct sunlight and under cover. Avoid contact with skin and eyes.

DIRECTIONS FOR USE	TYPICAL ANALYSIS			
Sheep/Goats: 5-10g per head per day	Bypass Protein Meal	50%	Phosphorus (P)	0.4%
Cattle/Horses: 50-100g per head per day	Total Protein Equivalent	15%	Sulphur (S)	2.5%
Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies. Place out sufficient blocks to avoid overcrowding of stock. Replace immediately when consumed.	Molasses	10%	Magnesium (Mg)	0.88%
	Salt (NaCl)	33%	Zinc (Zn)	18.62mg/kg
	Calcium (Ca)	1.42%		

FOR ANIMAL TREATMENT ONLY. THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.
