**FOR ANIMAL TREATMENT ONLY.
THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Olsson's Double Calcium is a macro mineral supplement for pregnant/lactating or grain fed livestock, promoting increased growth rates, feed intake & digestibility by satisfying calcium & mineral deficiencies. Ideal for all stock including cattle, sheep, goat, horse, deer, and alpaca's.

Double Calcium contains phosphorus and sulphur in balance to assist the synthesis on amino acids and protein to promote animal growth. Ideal for livestock feed on diets high in grain cereals, offering calcium in block form to assist digestion.

DIRECTIONS FOR USE

Feeding Instructions:

Use in accordance with the Olsson Free Choice system.

Sheep/Goats: 5-10g per head per day

Cattle: 50-100g per head per day

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Replace immediately when consumed.

Avoid contact with skin and eyes.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
