

CALCIUM MOLASSES

20kg

A high calcium supplement designed to aid digestion & optimise milk & meat production of grainfed livestock

TYPICAL ANALYSIS

Bypass Protein Meal	3.5%
Total Protein Equivalents	1%
Molasses	6%
Salt (NaCl)	Max. 54.4%

MACRO INGREDIENTS

Calcium (Ca)	13.7%
Phosphorus (P)	0.6%
Sulphur (S)	0.025%

MICRO INGREDIENTS

Magnesium (Mg)	200mg/kg
Iron (Fe)	975mg/kg
Ferrous Iron (Fe++)	1350mg/kg
Selenium (Se)	26mg/kg

FOR ANIMAL TREATMENT ONLY.

**THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Olsson's Calcium Molasses is aimed at cattle, sheep, goats and deer being fed grain as part or all of the feed ration. This block is designed to provide calcium and protein to assist digestion and improve conversion rates. Calcium counteracts the effects of high phosphorus levels in grain, balancing the calcium : phosphorus ratio. Calcium Molasses is beneficial in the prevention of lambing sickness and milk fever.

Grain feeds are imbalanced as they are deficient in protein, minerals and vitamins and since they are highly lignified their digestibility is low. Both these characteristics keep intake and productivity low.

The use of Olsson's Calcium Molasses is beneficial in balancing the deficiency, leading to improved production rates.

DIRECTIONS FOR USE

Feeding Instructions:

Use in accordance with the Olsson Free Choice System.

Sheep/Goats: 5-10g per head per day

Cattle: 50-100g per head per day

Replace blocks immediately when consumed.

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Avoid contact with skin and eyes.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
