

CALCIUM MOLASSES + 10% UREA

AVAILABLE IN 19KG BLOCKS

A protein and calcium supplement for ruminants grazing dry pastures, stubbles and crop residues.

Olsson's Calcium Molasses + 10% Urea is a nutritional supplement formulated for cattle, sheep, goats and deer on grain-based diets. It contains calcium, protein and urea and is intended for use in feeding programs where grain or dry-season rations may have lower levels of protein, minerals, vitamins and a lower calcium-to-phosphorus ratio. This product is provided as a nutritional supplement only and is not intended to diagnose, treat or prevent any condition; seek veterinary advice where animal health concerns exist.

Warning: This product contains urea, which can be toxic to livestock if not managed correctly. Always follow appropriate farm management practices.

Storage Instructions:

Store out of direct sunlight and under cover. Avoid contact with skin and eyes.

DIRECTIONS FOR USE

Sheep/Goats: 5-10g per head per day

Cattle: 50-100g per head per day

Replace blocks immediately when consumed. Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

TYPICAL ANALYSIS

Bypass Protein Meal	15%	Phosphorus (P)	1.2%
Urea	10%	Sulphur (S)	1%
Total Protein Equivalents	35%	Magnesium (Mg)	200mg/kg
Molasses	5%	Iron (Fe)	650mg/kg
Salt (NaCl)	Max. 52%	Ferrous Iron (Fe++)	1350mg/kg
Calcium (Ca)	6.5%	Selenium (Se)	26mg/kg
