

# MEGAPHOS

Plus 10% Urea

40kg

A multi-nutrient supplement high in phosphorus to optimise fertility, milk production, bone strength and live weight gains

## TYPICAL ANALYSIS

Urea	10%
Total Protein Equivalents	28%
Molasses	Min. 37.4%
Salt (NaCl)	2.5%

### MACRO INGREDIENTS

Calcium (Ca)	8.5%
Phosphorus (P)	6%
Sulphur (S)	1.5%
Magnesium (Mg)	4%

**FOR ANIMAL TREATMENT ONLY.**

**THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.**

Available in 40kg blocks

An animal's phosphorus requirement is directly related to the potential level of production. On abundant, high quality feed rapidly growing calves and lactating cattle have the greatest requirement for phosphorus, while dry stock on survival rations have the least. Cattle and sheep can compensate for short periods for a dietary deficiency of phosphorus by mobilizing it from their bones. If a deficiency continues, appetite is depressed.

Olsson's MEGAPHOS offers your herd the required available phosphorus to combat phosphorus deficiency. A Molasses based block with the addition of 10% urea for additional protein.

## DIRECTIONS FOR USE

### Feeding Instructions:

Use in accordance with the Olsson Free Choice System.

**Sheep/Goats:** 5-10g per head per day

**Cattle:** 50-100g per head per day

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Place out sufficient blocks to avoid overcrowding of stock. Replace blocks when consumed.

Avoid contact with skin and eyes.

**Warning: Products containing urea can be toxic to livestock. Please ensure proper farm management practices are employed.**

### Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
