

# MINERAL HEALTH ESSENTIALS + COPPER

AVAILABLE IN 20KG BLOCKS

**A multi mineral supplement with added copper.**  
**Improves mineral delivery & absorption with cationic nutrients.**

Olsson's Mineral Health Essentials improves mineral delivery to bacterial flora, via better adsorption and availability of minerals. Olsson's technical team have developed technology that allows the minerals to be absorbed with cationic effect. Cationic nutrients are known to be approximately 30% more available to the ruminant. Mineral Health Essentials also increases habitat for bacterial flora in the rumen. A reduction in green season scours and general improved health will be evident when supplementing with Mineral Health Essentials.
