

DOMINATOR DRY SEASON + 20% UREA

AVAILABLE IN 40 & 100KG BLOCKS

A high protein multi-nutrient supplement for ruminants grazing poor pastures and stubbles.

Olsson's Dominator Dry Season + 20% Urea is a supplement formulated to provide essential minerals, trace elements and a source of rumen-degradable nitrogen (urea) for livestock during dry periods. It contains macro and micro minerals and urea for inclusion in feeding programs where diets consist mainly of dry or fibrous feeds such as stubble and mature pastures.

Warning: Products containing urea can be toxic to livestock. Please ensure proper farm management practices are employed.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging. Avoid contact with skin and eyes.

DIRECTIONS FOR USE		TYPICAL ANALYSIS			
Sheep/Goats: 5-10g per head per day		Bypass Protein Meal	4%	Phosphorus (P)	1.7%
Cattle: 50-100g per head per day		Urea	20%	Magnesium (Mg)	3.5%
<i>Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.</i>		Total Protein Equivalents	58.9%	Zeolite	3%
		Metabolised Energy (ME)	3.65mj/kg	Selenium (Se)	32mg/kg
		Molasses	37.9%	Copper (Cu)	100mg/kg
		Salt (NaCl)	5%	Cobalt (Co)	150mg/kg
		Calcium (Ca)	5.5%	Ferrous Iron (Fe++)	500mg/kg
				Iodine (I)	150mg/kg
